STARTED UP AGAIN.

Sewer Plant Was Given a Test During the Recent Rain.

The sewer plant was started up again Friday, under the direction of Uny Enincer Dormant, and worked to the limit luring the beavy rains which fell that The west siphon, under the Milani sticet bridge, which has never worked before, performed in a satisfactory manner the sewage to the filter beds with great

rapidity and without a hitch. Ine two cighteen space pipes under the bayou at Missus street have been thoroughly calked and there are no longer any leafs, there. An outset to the bayou has also been provided, to be opened in case of a heavy rain, so as to relieve he siphous. The capacity of these suchous innaequate to take care of any great amount of surface water, and the wisdom of constructing the outset was demonstrated during Friday's test.

the outjet was demonstrated during fired day's test.

A "tee" has been put in at tae first quarter joints of the Milam street and White Oak beyon alphous so that, sno-sequently, everhead outlets may be put in and the siphons depended with. An outlet has also been provided for the White Cax hayou siphon, out the leaks are not all stopped yet. Screens will be put in at the earth basins in a few days.

### LOCAL SOCIETY NOTES.

Bronson will be the first railroad town, and on the first railroad entering Sabine county, and will necessarily grow very fast. Bronson is about twenty-five miles north of Jasper, on the Guff, Heaumont and Great Northern railroad (now part of the Santa Fe system, reaching out for the markets of the northwest), about twenty miles south of San Augustine and about ten miles west of Hempatil, in Sabine county.

The beautiful location and streams of clear epring water on three sides of said townsite guarantee an aboudant supply of the finest kind of water for all purposes. The country around Bronson is as fine as ally in Eastern Texas, and that means a great deal, abounds in Long Leaf Pine and all kinds of hard wood, and is the Saw Mill Country of the Southwest, and soon furniture factories will be in operation there; besides, is a fine agricultural section of country. Grows all kinds of farm products, track, garden stoff, fruit, melops and betries of all kinds, sind potatoes to supply the outside people. The water in that part of Texas is very line, and everything conducive to prespective is afforded there. Negotiations which have been pending for several days were practically concluded yesterday whereby the Houston Chronicle with purchase the Houston Heraid. The transaction not having been formally competed no Betalis were given out. It is expected that the transfer will be made on July 1, and that Mouday's laste of the Heraid will be the last.
